To Whom It May Concern:

Stern Williams has a long and successful history of manufacturing products in the United States. Our manufacturing facility is in the heart of America in Carterville, MO, literally right on the 'Mother Road' of the United States, Route 66.

This letter confirms that the following products comply with the **Build America** and **Buy America Act**:

Terrazzo Shower Floors
Terrazzo Service Sinks
Stainless Steel Service Sinks
Shower Cabinet Packages, and all of their accessories
Drinking Fountains and associated water products and their accessories

The only exception is the T-10-VB and T-15-VB faucets.

If you need additional information on our lines, please visit our website or contact us at 800-323-2359.

We appreciate your interest in our American-made products.

Best regards,

A handwritten signature in black ink, appearing to read 'Nick Manning', with a long horizontal stroke extending to the right.

Nick Manning
President
