CORNARO MOP SINK

The CORNARO with its unique style adds a modern look to any of today's architectural concepts.

All the features found in our Serviceptor line are found in this model. The one-piece construction insures water tightness, and its modern style occupies less floor space. It is composed of gray marble chips and Portland cement, ground smooth, grouted, and sealed to resist stains and moisture.

FEATURES

- The stainless steel cap is of one-piece 20-gauge stainless steel cast integral on all sides. The CORNARO with the stainless steel cap is Series SBC-1500
- Trend-setting corner model occupies less space than square or rectangular basins. Integral cast one-piece stainless steel cap prevents chipping and damage. Versatility and permanent fresh appearance make it a popular choice
- The CORNARO can also be furnished with tiling flanges on two sides. It is then identified as SBC-1502, or SBC-1402
- Without the stainless steel cap is SBC-1400
- 12" corner type no drop front
