PRODUCT BROCHURE

NEW PRODUCTS

LISTENING TO THE CUSTOMER AND IDENTIFYING NEEDS, WE CONTINUE TO DESIGN AND DEVELOP NEW AND INNOVATIVE PRODUCTS

SOLAR LIGHT OPTION

Option: -100

Stern-Williams introduces an innovative solar powered lighting device that provides a safer experience for anyone using our fountains between dusk and dawn. The -100 is an add-on option for a variety of Stern-Williams drinking fountains, bottle fillers and shower towers. The solar panel is easily installed and has a weatherproof design for long lasting functionality. The Solar Attachment can face any direction, but is most efficient when the panel is pointing directly south. Dusk to dawn sensors provide light only when needed.

For applicable models see sternwilliams.com

HANDWASH STATION

Models: 8100, 8200, 8205, 8215, 8220, 8500

Stern-Williams' first Handwash Station is perfect for parks, campgrounds, hiking trails, and any recreational outdoor area. Not only is it aesthetically pleasing with a long-lasting, weather-durable finish, but the Handwash series is versatile. Our Handwash Station is available as a front wall mount, concealed wall mount, pedestal mount, or as an add-on to many of our drinking fountain models.

For applicable models see sternwilliams.com

DRINKING FOUNTAINS

DRINKING FOUNTAINS, BOTTLE FILLERS & PET FOUNTAINS

Stern-Williams outdoor fountains, bottle fillers, pet fountains and shower towers are among our more popular products. Our durable fountains are vandal resistant with an all-steel heavy-duty construction, including an access door for security and simple maintenance. Stern-Williams can customize their products based on the customers needs, whether it's a push-button, solar panel, dog bowl, leash hook or a combination.

We offer 10 powder coated color options, as well as a chrome clear option. Contact your Stern-Williams rep* to learn more about the variety of options, dimensions, and local availability.

SHOWER TOWERS

SHOWER TOWERS, FOOT SHOWERS, & SPECIALTY ITEMS

Whether you are at the beach, lake, or any outdoor recreational area, Stern-Williams shower towers allow you to quickly rinse off with ease. Stern-Williams shower towers have push buttons to activate foot sprayers and misters. They are customizable and have many add-on options including drinking fountains, grab bars, hose bibbs, solar lights or a combination. We offer 10 powder coated color options as well as a chrome clear option.

STAINLESS STEEL DRAINS WITH LINT BASKET
CUSTOM ORDERS AND SIZES AVAILABLE

Model SBC-1500

A janitor closet is like an office and should be organized like one. Stern-Williams mop sinks are made of Terrazzo cast in white Portland cement, which is then ground smooth, grouted and factory sealed to resist stains and moisture. Our mop sinks are great for hospitals, apartment complexes, schools, office buildings, and anywhere that requires a janitorial closet. We have many models available to use space effectively and make cost-efficient solutions.

We offer a variety of accessories for our mop sinks (see page 7). The Lint Basket Strainer is the newest addition to our line of accessories. The Lint Basket has a grab bar for easy removal and helps keep your drain line clear and free from debris.

NEW PRODUCT

LISTENING TO THE CUSTOMER AND IDENTIFYING NEEDS, WE CONTINUE TO DESIGN AND DEVELOP NEW AND INNOVATIVE PRODUCTS

STAINLESS STEEL MOP SINK

Model: SS-2424

The Stainless Steel Mop Sink provides ample space for all your janitorial needs. Despite its spacious size, it only weighs 50 lbs, making it lightweight and easy to handle during installation by just one person. The brushed finish not only gives it a professional look, but also helps to resist stains and corrosion. The mop sink incorporates a unique sound deadening insulation on all enclosed sides to suppress noise during operation.

The included 2" brass compression drain with compression gasket eliminates the need for caulking, making installation even more convenient. The removable stainless-steel strainer adds an extra layer of convenience for maintenance.
