***Mop Sinks & Shower Floors***

## ABOUT

Stern-Williams Products, LLC opened for business in 1962, beginning only with a few terrazzo mop sink models, which we have gradually expanded to include one of the most complete lines of precast plumbing products. Stern-Williams is a manufacturer of terrazzo mop sinks, shower floors and cabinet packages, and a complete line of drinking fountains, shower towers, bottle fillers and pet fountains.

## MISSION

We specialize in custom solutions designed to fit your space, your specs and your needs. Stern-Williams strives to provide "A" quality services and products and is committed to be your best supplier. Our customer service is US-based with live support when you need it.

## CONTACT

# TERRAZZO

MOP SINKS // SHOWER FLOORS // ACCESSORIES

## CUSTOM PRODUCTS

The Stern-Williams line of shower floors and mop sinks are great for any medical, multi-family, university, school or military applications. We also specialize in custom mop sinks and shower floors made to meet your specifications and requirements.

## COLOR & MATERIALS

Our mop sinks and shower floors are made of terrazzo — a material composed of quartz and marble chips cast in white Portland cement. Our terrazzo products are then ground smooth, grouted and sealed to resist stains and moisture which produces a minimum comprehensive strength of 3000 PSI.

The standard color chip for mop basins are Gray and the standard for shower floors is Black and White. Contact Stern-Williams customer service for custom colors options.

### STANDARD TERRAZZO COLORS

#### Mop Basins

White Portland Cement with Gray Chips

#### Shower Floors

White Portland Cement with Black & White Chips

# MOP SINKS: CORNER MODELS

Save space with the Crescent, Corlow, or Cornaro mop sinks from Stern-Williams. These corner models are popular for small spaces and are excellent for reducing interference from door swings.

## CRESCENT
