

MODEL 7320 DUAL DRINKING AND BOTTLE FILLER STATION

Designed to be a convenient station to refill reusable water bottles with filtered water. Combination wall mounted filtered water bottle filler and handicap accessible drinking fountains.

FEATURES

- All steel heavy-duty construction with welded and ground joints for a clean and tidy appearance.
- Stainless Steel (-SS) bodies available for harsh coastal environments.
- Vandal resistant access plates for security and simple future maintenance.
- Vandal resistant bubbler guard unique to Stern Williams Fountains assures years of service
- Brushed aluminum filler spout
- Water pressure range of 30-80 PSI.
- Recessed wall mount with included mounting plate
- Recessed push button requires less than 5 lbs of force and is manufactured from chrome plated brass for reliability and long wear life with a water flow of 0.5 GPM.
- Simple flow adjustment without requiring the dismantling of the fountain
- Fountain Bowl is heavy duty 18 gauge stainless steel with brushed finish and vandal-resistant chrome plated brass strainer. A drain tool is included with each fountain.
- All flow paths are lead-free with reinforced stainless-steel tubing that complies with NSF/ANSI/CAN 61: Q≤1 (AB100) standards
- In-line mesh screen Y strainer
- ½" Inlet stop valve for simple future maintenance
- 1 ¼" IPS waste pipes included on each fountain
- Standard Woodland Green finish with optional colors available
